## **Laundry Tidbits**

- The rinse cycle works as a second wash cycle.
- Brighter and sharper clothes due to no chemicals or hot water.
- Clothes and linens will be softer and fluffier as a result of no detergent residue.
- Clothes left in washing machine won't "sour" nearly as quickly.
- No need to purchase special detergents for infants, children, or those sensitive to chemicals.
- Ends need to purchase washing machine cleaner.
- Reduces wear on washing machine components due to detergent and chemical corrosion.
- No more heavy containers to handle or soapy messes and spills.
- Makes washing laundry simple.
